Inquiry in Education, Volume I: The Conceptual Foundations for Research as a Curricular Imperative is the first book to gather all these sources together, to build a cross-disciplinary case for inquiry as the central core of sound curriculum design, and to offer an organized interpretation of this large body of knowledge from a variety of perspectives and for different educational purposes. A companion volume, Shore, Aulls, Delcourt, Eds., Inquiry in Education, Volume II: Overcoming Barriers to Successful Implementation....
