One who wants to get joy of book reading especially in very less time can go for it. About The Book J. L. MOTLEY The Rise of the Dutch Republic John Lothrop Motley, historian and diplomatist, was born at Dorchester, Massachusetts, now part of Boston, on April 15, 1814. After graduating at Harvard University, he proceeded to Europe, where he studied at the universities of Berlin and Gttingen. At the latter he became intimate with Bismarck, and their friendly relations continued throughout life. In 1846 Motley began to collect materials for a history of Holland, and in 1851 he went to Europe to pursue his investigations. The result of his labours was The Rise of the Dutch Republic--a History, published in 1856. The work was received with enthusiasm in Europe and America. Its distinguishing character is its graphic narrative and warm sympathy; and Froude said of it that it is as complete as industry and genius can make it, and a book which will take its place among the finest stories in this or any language. In 1861 Motley was appointed American Minister to Austria, where he remained until 1867; and in 1869 General Grant sent him to represent the United States in England. Motley died on May 29, 1877, at the Dorsetshire house of his daughter, near Dorchester. For more eBooks visit [www. kartindo. com](http://www.kartindo.com) This item ships from La Vergne,TN.
