Homeland Security A Complete Guide 2E

By Mark Sauter

McGraw-Hill. Hardcover. Book Condition: New. Hardcover. 608 pages. Dimensions: 9.3in. x 7.5in. x 2.0in. The definitive guide to the homeland security enterprise updated with critical changes in missions, tactics, and strategies. The best. . . . The book is extremely well organized for an undergraduate class in homeland security. Homeland Security Affairs Homeland Security is much more than a textbook. It is an indispensable reference resource for those seeking to understand how terrorists operate and the structures and mechanisms that have been developed to respond to the magnitude of the terrorist threats confronting us. The Washington Times Homeland Security: A Complete Guide is the authoritative guide to the history, mission, and evolution of the national homeland security enterprise, including federal, state, local, and private sector efforts. Whether you're a first responder, corporate executive, government official, or concerned citizen, this book provides a comprehensive understanding of U. S. homeland security and your own role in preparing for and responding to terrorism and disasters. Since publication of the previous edition in 2005, the Department of Homeland Security, other government agencies, and the broader homeland security enterprise have grown to cover all hazards and respond to emerging threats and policies. Documenting and analyzing these trends,...

Reviews

An incredibly amazing ebook with perfect and lucid answers. It is written in basic terms and never difficult to understand. It's been written in an exceptionally basic way and it is only right after I finished reading this ebook in which it in fact modified me, affected the way I really believe.

Extremely helpful for all class of individuals. Better than never, though I am quite late in starting reading this one. I realized this publication from my dad and he suggested this ebook to discover.
