Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Child Training This book sets forth a system of training for a child under school age and lays out a course of lessons and drills that can be given a class or an individual by either the trained or the untrained teacher or parent. It may recall the principles or theories of Comenius, Locke, Rousseau, Pestalozzi, Herbart, Froebel, James and others, but its practical applications are the result of many years specializing in the education of young children. It aims to avoid the faults so common in child training - sentimentality, effeminacy, emotionalism, mysticism, license under the guise of freedom, exaggeration of the unimportant or trivial, the attaching of imaginary value to the symbolic. It emphasizes Drill and the Formation of Habits, the Cultivation of Qualities and Development of Powers by Drill. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
