THE GENESIS MYSTERY REVEALED

Createspace, United States, 2013. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Many people today search for truth in either science or religion. What if both are true? Many people believe in God, yet still believe the earth is more than 6000 years old. Quantum physics and string theories now conclude a Universal Consciousness is the root of all consciousness and life. Archeological research also proves many Biblical stories and places did indeed exist. One of the biggest controversies about the Bible is over the first two chapters of Genesis. Many theories have been given, yet none have been able to logically explain the two chapters. The Genesis Mystery Revealed gives a complete and comprehensive analysis of this mystery. It explains the true date of Adam s creation, the mysteries of Cain s wife, the sons of God, and the Nephilim, along with other food for thought. Was humanity already here prior to Adam and Eve? Who helped Cain build his city? How did giants appear again after the Flood? All these questions and more are answered in The Genesis Mystery Revealed. Prior to this book, many people felt they must choose science or religion, never both. This book shows how both science and religion combine to present an indisputable truth that has been overlooked for too long. Theories of aliens, ancient astronauts, and fallen angels are also presented. There are so many theories on the web, in bookstores, and on television, that one cannot help but be confused over what is truth or fiction. If you are one of the many who are not sure what to believe, who are skeptical of some of these theories, read this book and then decide. If you believe the Bible to hold...
